

GOOGLE GMB REFUSES TO RESPOND SO I SEND THIS TO YOU:

Dear Google,

ATTN: ANKUR

I refer to my previous emails to you dated 25, 26 (x 3) and 27 February 2021.

You have not responded.

<https://fake.florist> has been substantially updated as of yesterday and today, which includes the following observation:

While Google were only too willing to hand out onerous requirements (at <https://fake.florist/google-requirements.pdf> by ANKUR), now it doesn't have the decency to say anything at all. Obviously it thinks it is too big and powerful to be bothered.

I again remind you that you do represent yourself as "Google My Business Support", and I again request comment from you.

Please would you respond before this article goes into wide distribution.

Regards

Gordon Craven
